

Nothern Texas-Northern Louisiana Synod
Public Witness for Peace & Justice Team presents

Saturday, February 25

8:30 a.m. - 4:00 p.m.

Briarwood Retreat Center

Join us for a discussion about environmental stewardship, especially regarding climate change, and actions we can take today as Christians to care for the Earth and for the lives of our children and grandchildren.

An outstanding faculty will outline the theological and biblical context for creation care and the Church's responsibility to future generations:

- Dr. Barbara Rossing, Lutheran School of Theology at Chicago
- Dr. Mark Z. Jacobson, Atmosphere and Energy Program, Stanford University
- Cheryl Simmons, Natural Resources Conservation Service, Department of Agriculture
- Bee Moorhead and the Rev. Sam Brannon, Texas Impact
- Bishop Erik Gronberg, NT-NL Synod

"This workshop will not attempt to convince people of the reality of climate change. That should be old news. It is about our responsibility as human beings to care for the good earth."

—the Rev. Chuck Hubbard, PWT Chairperson

Register at ntnl.org/creationcare

Registration \$13 online, \$20 at the door

This event is partially funded by a grant from the NT-NL Mission Endowment Fund.
