

# Seeds That Change

Volume 15, No. 3 July 2016

Mission Endowment Fund - Northern Texas-Northern Louisiana

## Grant Funds at Work

Recently, our Executive Director, Hattie Hammer, attended St. Olaf, Cranfills Gap, for a Sunday worship service. While there she had an opportunity to see the community garden that the congregation has planted behind the parsonage. With help of the local 4-H club and others, the garden is producing much vegetation that is shared with others in the community. A grant from the Mission Endowment Fund provided the funds to purchase gardening tools as well as seeds.

Pastor Kyle Rouze reports that the ipod ministry that he is heading up was recently interviewed by a person from **LIVING LUTHERAN** and will be featured in an upcoming issue. This ministry also received a grant from the Mission Endowment Fund.
