MEF Grants At Work

St. John, Wilson, received a grant to assist them with their Mobile Food Pantry. They purchase food boxes from South Plains Food Bank and then they are delivered by church volunteers to needy families. They serve about 20 households each month.

Briarwood Retreat Center was given a grant by the MEF board at its August meeting to provide funds for the new HammockVillage which was created for the recent camping season. This village allows a group of campers to spend the evening outdoors and sleep in covered hammocks.
