

## How to make a Palm Frond

Materials: green construction paper, printer paper colored green or just paper, scissors, tape, palm frond handle (see below for options)

1. Fold your paper in half
2. Draw the lines
3. Cut along the lines. Cut toward the fold. FYI: Do not cut all the way to the fold.
4. Open up and tape a straw, chop stick, dowel stick, craft stick, pen, pencil, etc....to the back to hold
