

SEMESTER LEARNING EVENTS FOR CONGREGATIONS ON THE LEAD JOURNEY LEADING THROUGH UNEXPECTED REALITIES

None of us saw this coming. A PANDEMIC, followed by an ECONOMIC CRISIS, in the midst of tensions growing around RACISM.

Yet, we can keep our commitment to each other on this journey, through the whirlwind around us. We can stay out of survival mode together, by seeing how the Holy Spirit is moving through us. This whirlwind of change is disrupting the church as we know it. We are holding tight to our trust that God has got us, along with the whole world.

Your congregation's future is important to us. We are called to pivot our work, for the rest of 2020, to a digital learning community. We have designed this just for you.

Fall 2020 marks a new era for LEAD as we share the LEAD Journey Online. (Thanks to those of you who were part of our pilot.) This will be a new way of learning, rather than our usual seminar season.

NEW: 2 LEARNING EVENTS PER SEMESTER WITH PEOPLE ON THE LEAD JOURNEY FROM ACROSS THE COUNTRY.

IMPORTANT: We will start where you are. We know you feel exhausted and behind your hopes for this year. We will slow down just enough to find our center, and move together.

Stay with us. The whirlwind will unleash new ways to be the church, to grow faith and to understand how much God loves this world.

**IF YOU HAVE BEEN ON THE LEAD JOURNEY:
We will evaluate our starting place together. No pressure. Give yourself grace as we create a new path together.**

**Expect to pray, learn, work
and lead others.**

**Think of this as an unprecedented
experiment we will do together.**

How will this work?

Instead of bringing your team to a seminar, you will register them for online learning. You will stay in your same cohort, and learn with others from across the country who are in this same place on the journey.

As always, the pace is yours to set based on the needs of your new experience and your congregation.

As always, you will be surrounded by:

- Experienced Consultants
- Professional Coaches
- Proven Processes
- Peer Learning Community
- Case Study Work
- Sustainable Leadership Formation over Time
- Congregational Tools

Your Congregation's Commitment:

- The pastor and 4-8 LEAD Team members register for online learning.
- The pastor and team will set aside the following Saturdays for the Fall Online season:
 - Pastors Orientation: Aug 2020
 - Learning Events: Sept 2020 / Nov 2020
- 60-minute coaching session for pastor and facilitator
- Access to WiFi and a device for Zoom
- Willingness to do your best work

LEAD's Commitment to you:

- To bring you our best learning, and to learn with you.
- To support your church council each month.
- To support you with consultants who are practitioners.
- To encourage and stir up the Holy Spirit with faithful coaches and great questions.
- To walk together into the unknown.
